What does the JPL Director really do?

Reflections on the last 15 years

Presented by JPL Director,

Charles Elachi

The last fifteen years has been a golden age for space exploration. JPL launched more than 20 missions and presently operates 19 JPL missions. The outlook for the next decade is even more exciting and challenging. How did all of this happen?

Come get the inside scoop.

Wednesday
April 27, 2016
4:00 - 5:00 PM

JPL Library
